Electives: 12 credits
Select credits from Geology courses, 8 of which must be upper-division.

Note: GEOL 307 may not be used to fulfill the upper-division electives for the B.S. degree in Geology. The B.S. major does not require the completion of a minor. Some courses in the B.S. degree will also count as Natural Science GECRs and satisfy the university proficiency in Mathematics requirement. Grade requirement—2.0 in each course; 2.5 cumulative average. University graduation requirement: 60 credits upper division.
