Environmental Policy Council activated April 11, 2007

Charge of the Committee
As per EWU Policy 200-100-040, the Environmental Policy Council is responsible for:

a. Advising the president and the board of trustees regarding environmental issues.
b. Encouraging the administration to place resource conservation and environmental protection at the foundation of policy making.
c. Evaluating potential environmental risks and developing strategies for eliminating or reducing such risks.
d. Monitoring environmental regulatory compliance.
e. Endorsing resource conservation and environmental education programs.
f. Reviewing operating and capital budget allocations to assure the integration of environmental issues into decision making.
g. Guiding and receiving recommendations from the following:
   (i) Asbestos Advisory Committee
   (ii) University Health and Safety Committee
   (iii) Radiation Committee
