Second Annual Professional Development
Mine Safety and Health Seminar for
Foremen, Supervisors, Managers, Owners

The Eastern Washington University
Comprehensive Mine Safety and Health Program (State Grants) in cooperation with
government and industry partners is hosting
a seminar on March 25th at the Eastern
Washington University campus in Cheney
Washington. The primary objective of the
seminar is to enhance the safety and health
management skills of supervisors.

Seminar

The Seminar which will be held on
Tuesday, March 25th, 2008, is an excellent
opportunity for supervisory and safety and
health mine personnel to improve their
safety management skills by learning about
the latest approaches for enhancing health
and safety in the workplace. The opening
session features a presentation by Joy Wilson,
President, NSSGA. Additionally, the seminar
program includes presentations on several
timely and emerging topics such as accident
investigation, leadership development, new
MSHA rules, regulations, and emphasis areas,
industry vision of miner health and safety,
and electrical safety.

Exhibits and Demonstrations

There will be exhibits of the latest mine health
and safety related resources and training
materials. Exhibitors include NIOSH, MSHA,
Holms Saftey, and industry vendors.
