Homework #2

The next problem(s) addresses the following course learning objective(s):
• Evaluate circuits using Ohm’s law

1. Problem 2.4 in Assessing Objective 2 at page 32
2. Problem 2.10 at page 50
3. Problem 2.11 at page 50
4. Problem 2.12 at page 50

The next problem(s) addresses the following course learning objective(s):
• Evaluate circuits using KCL and KVL laws

5. Problem 2.5 in Assessing Objective 2 at page 42
6. Problem 2.6 in Assessing Objective 2 at page 42
7. Problem 2.9 in Assessing Objective 3 at page 46
8. Problem 2.10 in Assessing Objective 3 at page 46
9. Problem 2.18 at page 52
10. Problem 2.20 at page 52
