**2006 Call for Entries**

**EWU Community-Minded Design Competition**

Students throughout the region are encouraged to submit design solutions for a designated non-profit organization that addresses social issues. Any student or group of students attending school within Eastern Washington is encouraged to submit an entry.

Student participants will create a print design solution (poster, brochure, etc.) that can be used by the non-profit to promote itself or an event, raising awareness and increasing interaction with the community. The competition will culminate with a final public exhibition of student entries in fall 2006.

Entries will be judged by industry professionals, including representatives from local public relations and advertising design firms. The top three entries will receive cash prizes, and the first place design will be given to the non-profit agency, along with a printing budget of up to $1,000.

**2006 Competition Guidelines**

The featured non-profit organization for 2006 is the **Spokane Guilds’ School**. The organization has asked for a promotional/informational piece that can be easily distributed or included in mailings. Design specifications are provided below.

**Design Specifications:**
